Above average yielding hybrids that were tested for 2 or more years across all relative maturities. The yields for these hybrids are greater than or equal to 1 standard deviation from the average. Hybrids are sorted by yield from high to low. Top Yield Group % is the percentage of time the hybrid was in the top yield group across all locations tested in this category. For more details on these hybrids, visit [ncovt.medius.re](http://ncovt.medius.re)
